**Organization Announcement
Atlas Maschinen GmbH, Ganderkesee, Germany**

**Frank Frickenstein appointed as
Director Engineering and Product Support**

Frank Frickenstein has been appointed as **Director Engineering & Product Support** for EXCAVATORS, reporting to me.

Frank joined the company in February 2001 and passed through several departments. His last responsibility was the Product Support and Management for the warranty, technical documentation, service and product management.

In his new position he will be responsible for the engineering, construction, technical documentation and the warranty.

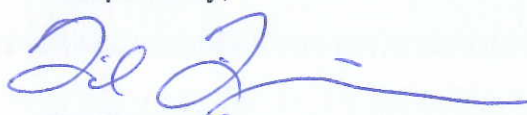

Frank will be located at the plant in Ganderkesee:
